

## **SDC - ALUMNI NETWORK PLACEMENT**

Established in 1988, Saveetha Dental College is now ranked first in India for the year 2022. One of the best sources of job placement chances for students is the Saveetha Dental College alumni network. Alumni assist students in obtaining employment at their own companies. Alumni also actively participate in volunteer programs like student mentorship in their specialty. Additionally, alumni represent a sizable skill pool whose advice might be helpful to many students in their specific fields of study. Alumni network by itself is one of the greatest professional networking tools available now supporting students from Saveetha Dental College.
